* This sum of £82,995 5s. 8d. represents the balance due by Victoria after giving credit to that Colony for a sum of £50,000, received from the Treasury, and which sum, there is reason to believe, was not remitted by the Colony. The supposed double issue of this amount from the Treasury Chest forms the subject of Papers Registered No. 74,253 | 64. Min. 976 Packets.
† Advised but not yet received.
