## REGISTERED LETTERS.

68,978 letters were registered during the year, being an increase of 8,391 on the number registered in 1877.

## BUILDINGS.

The new offices at Christchurch not having been completed within the time fixed by the contract, and the construction of the necessary fittings having produced a further delay, it was not practicable to remove the post office to the new buildings until the 14th instant. The change is one which cannot but be appreciated alike by the public and the officers of the department.

Suitable offices for the joint accommodation of post office and telegraph have been erected at Newton, Auckland, and will be shortly open to the public.

The new offices at North Dunedin were occupied on the 4th January last.

Plans have been prepared for new offices at Wellington. Beyond this nothing has been done. Additional accommodation to meet the increased business of both the post office and telegraph is urgently required.

The erection of new offices at Timaru has been commenced, and the building should be completed in July next.

Offices have been erected at Rakaia, Waiholā, Duntroon, Kingston, Takapau, Featherston, and Halcombe.

The offices at Ashburton and Masterton have been enlarged.

New offices are being built at Patea, Gore, Catlin's River, Duvauchelle's Bay, Pahi, Wyndham, Ohaupo, and Woodville; and the offices at Hawera, Waipawa, Waipukurau, and Foxton are being enlarged.

It is proposed to build offices at Oamaru, Rangiora, Mercer, Greatford, Lower Hutt, Westport, Normanby, Nuggets, Balclutha, Ahaura, Lake Wanaka, Alexandra, Waitahuna, Albury, Te Kopuru, Port Albert, Dargaville, Aratapu, Paparoa, and Waitara, and to enlarge the office at Wanganui.
