“WAITARA” arrived. All well on board. Three births. Six deaths: one case typhus, taken ill 26th September, died 1st October; two men, one child, died consumption; one man from apoplexy; and one child premature birth. Health of passengers generally good, and class very good. All compartments clean and satisfactory. One of the passengers, entered as J— P—, but who now states that his name is L—, and who further states that he has relatives in Ashburton, is at present lunatic, and has been so nearly whole voyage. Steps have been taken to commit him to asylum, and the ship will be called on to enter into bond under Imbecile Passengers Act.

## Enclosure 4 in No. 12.

The IMMIGRATION OFFICER, Christchurch, to the Hon. the MINISTER for IMMIGRATION.

(Telegram.)

Lyttelton, 28th December, 1879.

“SOUTHESK” arrived with 339 passengers. All well on board. No births. One death, apoplexy. Compartments clean; but arrangements for dispensing, and female hospital, most objectionable. Fortunately no sickness has occurred. Surgeon complains of insufficient supply of medicines and stores; that a requisition of his for extras he considered requisite was refused by charterers, Shaw, Savill, and Co. Class of passengers good; but, in case of several families, not at all suited for colony. Passengers will land to-morrow. A large number have applied for admission to depôt. I will go by 10.30 train to-morrow, and make all necessary arrangements.

The Hon. the Minister for Immigration, Christchurch.

J. E. MARCH.
