(Professor of Chemistry and Experimental Physics in the Auckland University College) the Hon Sir George Maurice O'Rorke, B.A., M.H.R. (Speaker of the House of Representatives and Chairman of the Auckland University College Council), and Mr William Pollock Moat elected by the Senate of the University of New Zealand, the Hon. Colonel Theodore Minet Haultain, the Rev Canon Charles Mosely Nelson, M.A., and the Hon. Joseph Augustus Tole, B.A., LL.B.

\*\*Roll.\*\*—In the last term of the year 1894 the total number of pupils was 346—viz., 191 male

and 155 female. The number of pupils receiving free tuition in the last term of 1894 was forty-seven—viz., twenty-four male and twenty-three female.

Drawing, Workshops, &c.—The usual classes on the girls' side have been held under Mr Kenneth Watkins, and good work has been done in shading from the flat and round, and, by the more advanced pupils, in water-colour and oils. The boys, under Mr Trevithick, have made good progress in geometrical and mechanical drawing, and from the workshop, under the same master, some work of great merit has been turned out. These workshop classes were attended by sixty

Cookery.—Classes in cookery were held by Miss Millington during part of the second and third

terms.

Gymnastics and Drill.—The classes on both sides of the school have been continued under Mr. Carrollo.

Orchestra.—The orchestra instituted in the year 1890 by Mr Trevithick, assistant master, has continued to receive his gratuitous services. The orchestra meets once a week, outside schoolhours, for receiving instruction and for practice, and performs on the occasions of the school " speeches" and prize-day

German.-Mr Watkins, French master, has continued to conduct classes for the teaching of the German language, which are held outside of school-hours, and without any payment of fees.

Endowments.—The endowments which were set apart for the Auckland Girls' High School remain unutilised, and, at the same time, the wants of this school, caused by the opening of the girls' department, are urgent. When the Girls' High School was closed, a portion of this building and of the playground, which had been designed exclusively for boys, was appropriated to the school for girls, and this arrangement, which was intended to be temporary, has now been in operation for more than six years. The present accommodation in both departments is barely W WALLACE KIDD, adequate.
