4. Work of the Highest and Lowest Classes.

The work done by the highest form consists of Latin, French, English, Mathematics, and Science (Chemistry and Electricity) for University Junior Scholarship Examination, and précis for Senior Civil Service.

As to the work done by the lowest form, it may be mentioned that nearly all admitted have passed the Sixth Standard, so that their instruction is continued in English, and they commence Latin, French, Geometry, and Algebra.

NEW PLYMOUTH HIGH SCHOOL.

1. General Statement of Accounts for the Year ending 31st December, 1894.

J. B. Roy, Chairman. E VEALE, Secretary

Examined and found correct—James Edward FitzGerald, Controller and Auditor-General.

2. Work of the Highest and Lowest Classes.

Principia, Bradley's Arnold, and Cæsar general work with a view to Latin matriculation. French Grammaire des Grammaires, and selected portions for translation from French into English and English into French, matriculation standard. Arithmetic All. Algebra Hall and Knight to end of Simultaneous Problems. Euclid Books I., II., and III., and deductions. History General, and matriculation and Civil Service periods, special. Geography General, as for matriculation and Civil Service. Grammar As in geography, Morris's Historical

Grammar. Science Electricity and magnetism.

Lowest.—Latin: Principia, Part I., ex. 1–17, and grammar French Dejardin, ex. 1–72, auxiliary verbs. Arithmetic Simple rules, vulgar fractions, and simple proportion. Algebra Todhunter, ex. 1-10, inclusive. Euclid Book I., props. 1-25. History Primary, to James II. Geography Petrie. Grammar Morrison. Science. Harrison's Mechanics.

Note.—Two or three young pupils who entered late in the year were treated as exceptions,

and did not take all the subjects enumerated. The lowest division of all does no Euclid.

3. Scholarships.

The Board gave free tuition to three scholars. Four scholarships of the Education Board were held at the school.

WANGANUI (GIRLS') HIGH SCHOOL.
