There are no arrears of rent of 1894, and only £91 19s. 6d. is unpaid of the half-year's rent due in advance on the 1st of May, 1895, which may be considered very satisfactory, and of the unpaid advance November rent, the greater part will be paid during the first quarter of this year. Of the half-yearly rents due in advance on the 1st of November, 1895, a rather larger amount than usual is shown as uncollected, which is to some extent caused by the lessee of Pastoral Run No. 5 having put in a claim for relief owing to the loss of stock sustained by him last winter; and, as his application has not been finally dealt with, his rent was allowed to stand over.

The Hon. the Minister of Education.

I have, &c.,
H. R. Webb,
Chairman of the School Commissioners.
