

NORTH ISLAND NEW ZEALAND

INDEX TO
1:63360 AND 1:25000 TOPOGRAPHICAL SERIES
TRANSVERSE MERCATOR PROJECTION

Reference

Land District boundaries
Meridional Circuit boundaries---
Name of Circuit thus: TARANAKI
Survey Offices

All grid coordinates are in terms of false origin
False origin is {300 000 yds West
400 000 yds South} of True origin
True origin is {175°30' East Longitude
39°00' South Latitude

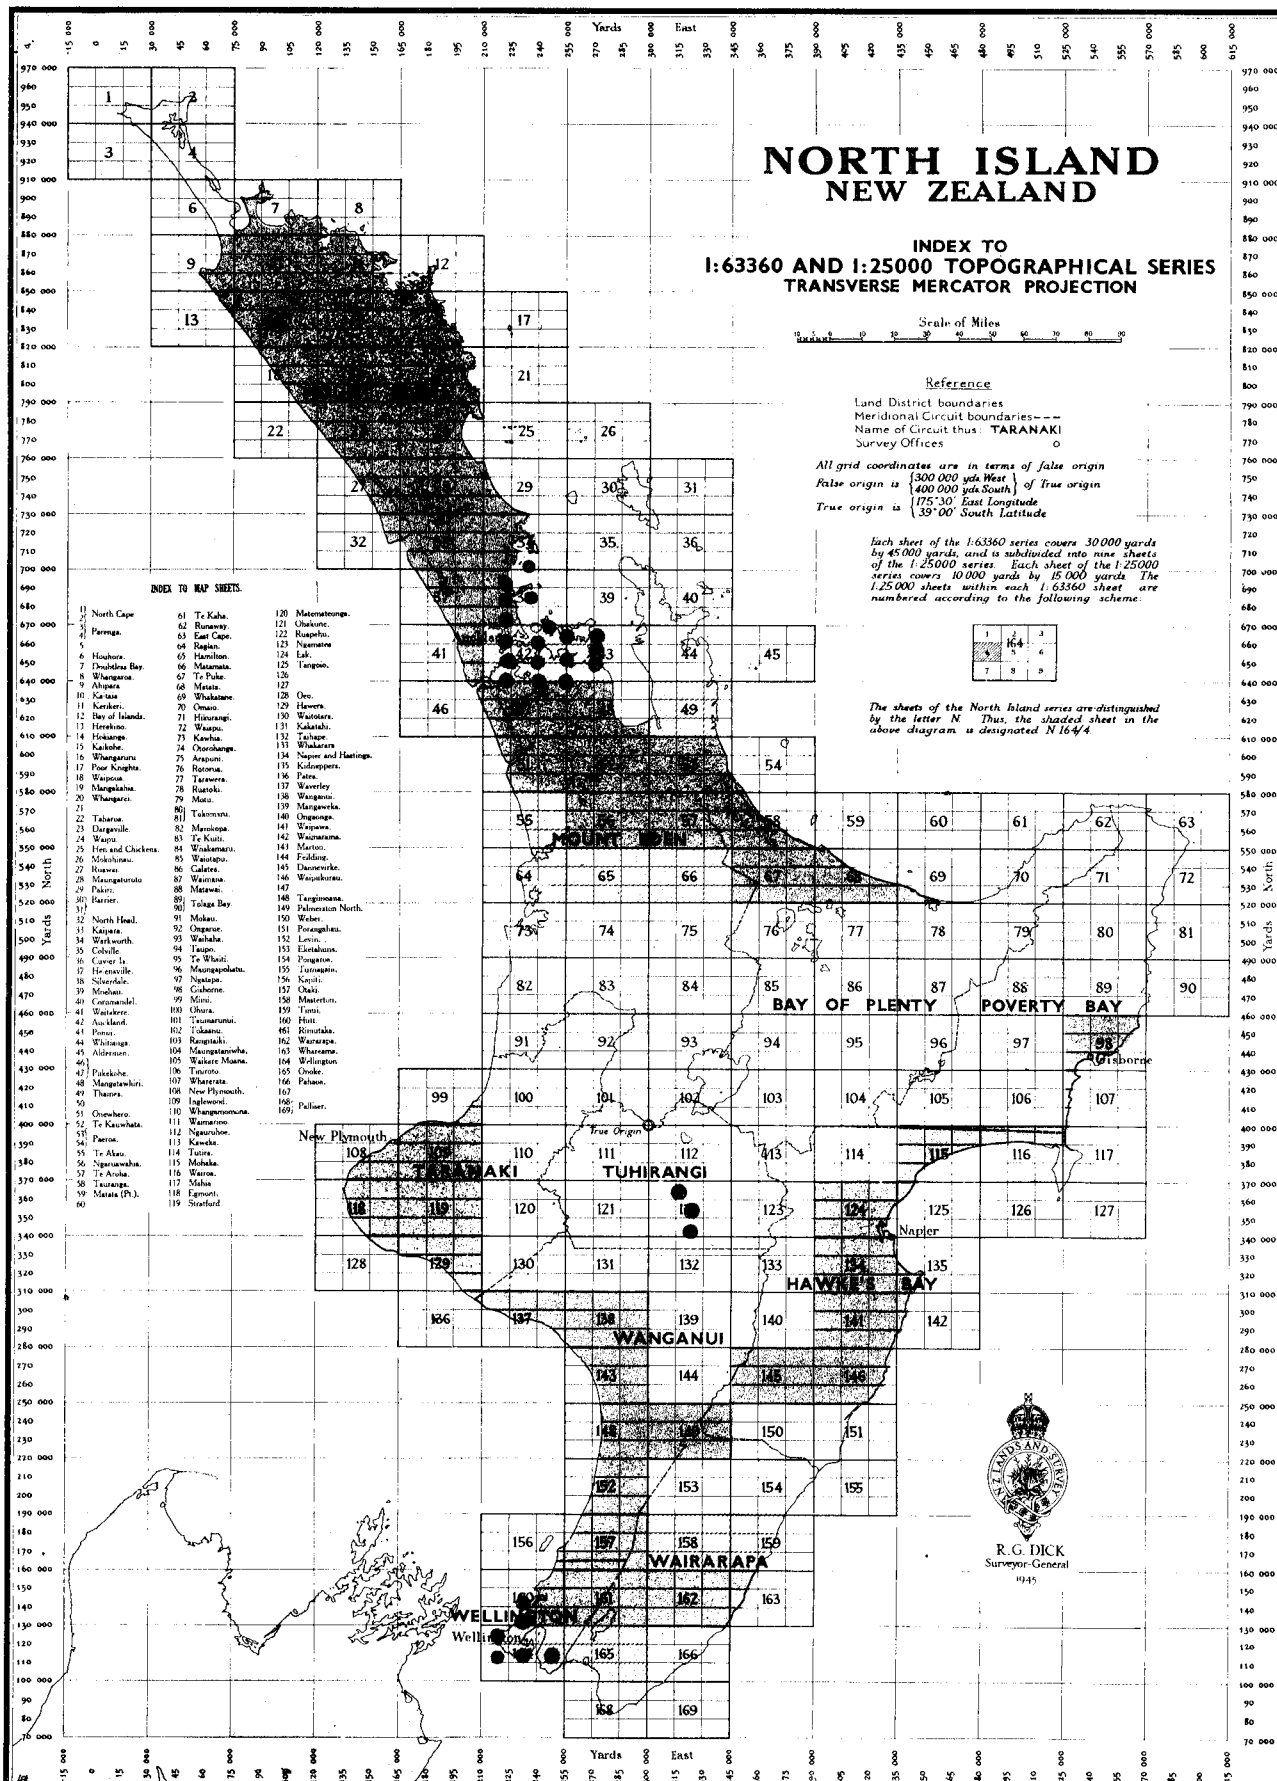

Each sheet of the 1:63360 series covers 30 000 yards
by 45 000 yards, and is subdivided into nine sheets
of the 1:25000 series. Each sheet of the 1:25000
series covers 10 000 yards by 15 000 yards. The
1:25000 sheets within each 1:63360 sheet are
numbered according to the following scheme.

The sheets of the North Island series are distinguished
by the letter N. Thus, the shaded sheet in the
above diagram is designated N 164/4
