WEDNESDAY, THE 10TH DAY OF JULY, 1946

Ordered, "That the period set down by order of the House dated 7th December, 1945, within which the Members' Superannuation Committee was required to present its report be extended until 7th August next to enable the Committee to complete its deliberations and prepare its report."—

REPORT

I HAVE the honour to report that the Committee set up to consider matters relating to a proposed superannuation scheme for members of Parliament has gone into this question and has reached the following conclusions:—

- (1) That membership of the Legislature to-day in many cases means full-time duty and the giving-up of other sources of income or employment which cannot be resumed on retirement from the Legislature.
- (2) That membership of Parliament should not be confined to persons of independent means, but should be open to all citizens.
- (3) That public servants generally throughout the Dominion have superannuation schemes providing on retirement for their adequate maintenance and that of their dependants.
- (4) That the introduction of a contributory superannuation scheme for members of Parliament is necessary and desirable.

The Committee accordingly recommends that legislation providing for such a scheme be introduced into the House in the first session of the next Parliament.

7th August, 1946.
