

WAIMATE HIGH SCHOOL.

1. REPORT OF THE BOARD OF GOVERNORS.

The Board still devotes a portion of its revenue to the teaching-interests of the Waimate District High School. The annual balance-sheet will, of course, show the various amounts and their specific objects—subsidies to teaching staff, prizes, &c. During the year 1905 there were five scholarship-holders (including Junior and Senior), all of whom, according to the reports of the Inspectors, were making satisfactory progress. The School Committee, with the Education Board and general public, continues to appreciate the interest this Board takes in the advancement of secondary education.
