

SESSION I.
1912.
NEW ZEALAND.

CROWN LANDS LEASED

(RETURN OF) UNDER VARIOUS TENURES.

Return to an Order of the House of Representatives dated the 13th day of October, 1911.

Ordered, "That there be laid before this House a return showing—(1) The total area of lands leased on the lease-in-perpetuity tenure under the General Land Act; (2) the total area leased on the same tenure under the Land for Settlements Acts; (3) the total valuation of each such area at the time of leasing; (4) the total valuation of the same land at the present date, not including tenants' improvements; (5) the total area of lands leased on renewable lease under the Land for Settlements Acts; (6) the total valuation of all such lands at the time of leasing; (7) the total valuation of the same lands at the present date, not including tenants' improvements; (8) the like particulars with regard to national endowment lands; and (9) the like particulars with regard to lands leased under the Cheviot Land Act or any other Act."—(Hon. Sir W. J. STEWARD.)

LEASE-IN-PERPETUITY AND RENEWABLE-LEASE LANDS HELD AT 31ST MARCH, 1911.

1. TOTAL area of land leased on the lease-in-perpetuity tenure under the Land Act, 1,651,235 acres.
2. Total area of land leased on the lease-in-perpetuity tenure under the Land for Settlements Acts, 664,678 acres.
3. Capital value of lands leased on the lease-in-perpetuity tenure at the time of leasing (approximate)—under the Land Act, £1,519,319; under the Land for Settlements Act, £3,873,829.
4. Information not obtainable.
5. Total area of land leased on renewable lease under the Land for Settlements Act, 266,465 acres.
6. Capital value of lands leased on renewable lease under the Land for Settlements Act at time of leasing (approximate), £1,313,542.
7. Information not obtainable.
8. (a) Total area of national-endowment lands leased on renewable lease, 292,944 acres; (b) capital value of national-endowment lands leased on renewable lease at time of leasing (approximate), £325,102; (c) present-day value not obtainable.
9. (a) Cheviot Estate lands held under lease-in-perpetuity, 26,868 acres; (b) capital value of Cheviot Estate lands held on lease in perpetuity at time of leasing (approximate), £145,897; (c) present-day value not obtainable.

The information respecting present-day values is not obtainable, but a fair average increase between the original value and the present-day value would be £3 per acre for ordinary Crown lands and the Cheviot Estate, and £1 per acre for land-for-settlements land.

NOTE.—The above represents the position as at the 31st March, 1911, being the latest date for which figures have been compiled.

WM. C. KENSINGTON,
Under-Secretary.

Approximate Cost of Paper.—Preparation, not given; (printing 1,400 copies), £1.

THE GREAT WALL OF CHINA

The Great Wall of China is one of the most famous and longest man-made structures in the world. It stretches over 13,000 miles across the northern part of the country, built by various Chinese dynasties over centuries. The wall was designed to protect the Chinese states and empires from invasions and raids by nomadic peoples from the north.

The wall is made of stone and brick, with watchtowers and battlements at regular intervals. It is a symbol of Chinese civilization and a testament to the ingenuity and labor of the Chinese people. The wall has been a major tourist attraction for centuries, and it remains a popular destination for visitors today. The wall is also a UNESCO World Heritage Site, recognized for its historical and cultural significance.

The Great Wall of China is a remarkable feat of engineering and a symbol of Chinese history. It has stood for centuries, protecting the Chinese people from the north. The wall is a testament to the strength and resilience of the Chinese nation.
