T. SCREEN,

Plantation Foreman.

A. W. ROBERTS,

Nurseryman in Charge.

GIMMERBURN PLANTATION RESERVE.

(Area, 425 acres; altitude, 1,200 ft.)

There has been no work done at this station this season, except that of ploughing land for oats,

and this has been charged against Eweburn Nursery.

The trees on the plantation seem to be making better headway, especially the larch, which are more suitable for this part of the country.

The expenditure for the year is £5, and the total to date is £2,616 0s. 5d.

Appended are statements of expenditure.
