

cent. greater than in the previous year. The following figures show the average weekly roll number and the roll number at the end of 1918 :—

	Mean of Average Weekly Roll.		Roll Number at end of Year.	
	Including Second-ary Departments of District High Schools.	Excluding Second-ary Departments of District High Schools.	Including Second-ary Departments of District High Schools.	Excluding Second-ary Departments of District High Schools.
Year 1918 .. ..	191,382	188,932	194,934	192,680
Year 1917 .. ..	187,954	185,549	190,354	188,174
Increase in 1918 ..	3,428	3,383	4,580	4,506
Increase per cent. in 1918	1·8	1·8	2·4	2·4

The percentage increase in the average roll during the last five years has been as follows: 1914, 3·6 per cent.; 1915, 3·2 per cent.; 1916, 1·6 per cent.; 1917, 2·1 per cent.; 1918, 1·8 per cent.; the increase in 1918 not being so great as it has been in previous years. The increased numbers are spread over the children of all classes with the exception of S7, and more especially of the preparatory classes. The number of pupils in the preparatory classes and between the ages of five and six years was 950 less than in the previous year, indicating a falling-off in the number of new entrants. The increase in the roll number was greater in the North Island (including Marlborough) than in the South Island, the percentage increases being 3·0 and 1·5 respectively.

The table below shows the mean average roll number for every fifth year from 1878 to 1903, and for each of the last eleven years; the table gives also the total average attendance for each year, the average attendance as a percentage of the roll (including secondary departments of district high schools), and the number of teachers employed in the public schools.

SCHOOLS, ATTENDANCE, AND TEACHERS.

Year.	Number of Schools.	Mean of Average Weekly Roll.	Average Attendance, Whole Year.	Average Attendance as Percentage of Weekly Roll.	Number of Teachers.

\* Average of three quarters. † Strict average. ‡ Working average. § Exclusive of male and female probationers.

The above figures relate to public schools. To estimate the total number of children receiving primary education in the Dominion it will be necessary to include public schools (exclusive of secondary departments of district high schools), Native schools, registered private primary schools, the lower departments of secondary schools, and special schools. The figures will then be :—

AVERAGE WEEKLY ROLL NUMBER.		
Public schools (less secondary departments of district high schools)	1917.	1918.
Native village and Native mission schools	185,549	188,932
Registered private primary schools	5,315	5,223
Lower departments of secondary schools	18,594*	20,076*
Special schools	580*	665*
	600	252
Total average weekly roll of primary scholars	210,638	215,148

\* Number on roll at end of year.
