REPORTS.

No. 75.—Petition of R. H. BLACKESTON and 15 Others.

PRAYING that legislation may be enacted to enable any person with experience in practical dentistry extending over a prescribed period to qualify for registration as a dentist after submitting to a proper test by examination or otherwise as to his qualifications.

I am directed to report that the petition should receive consideration from the Government; and it be a further recommendation that, should the Minister introduce legislation affecting section 22 of the Act, provision be made enabling those petitioners who have for three years past been performing dental operations under the immediate supervision of a registered dentist to sit for full qualification by special examination.
