## ACCIDENT INSURANCE BRANCH OF THE STATE FIRE INSURANCE OFFICE

(ANNUAL REPORT ON THE) FOR THE YEAR ENDED 31st DECEMBER, 1925.

Presented to both Houses of the General Assembly pursuant to Section 22 of the Government Accident Insurance Act, 1908.

State Fire Insurance Office, Wellington, 14th May, 1926.

I have the honour to submit the twenty-fifth annual report of the Government Accident Insurance Office for the year ended 31st December, 1925, together with the Revenue Account and Balance-sheet.

In accordance with the provisions of the Government Accident Insurance Amendment Act, 1924, the control of the Government Accident Insurance Office passed from the Government Insurance Commissioner to the State Fire Insurance General Manager as from the 1st January, 1925. The transfer, and the organization of the Office as a branch of the State Fire Office, occupied the greater part of the year, but the results achieved already indicate that the association of State fire and accident insurance meets the convenience of the insuring public and is advantageous to both Departments. The following comparison with the previous year shows the progress made:—

Income—						1924.	1925.
Net prei	niums					£39,613	£49,966
Interest						£8,372	£8,983
Outgo							
Claims						£24,764	£30,552
Ratio of	claims to	o premium	s (per c	ent.)		62.5	61.15
Ratio of	working-	expenses	to premi	ums (per	cent.)	26.7	26.6
Reserves and						£174,883	£ $187,934$
Total assets	at 31st D	ecember				£ $187,836$	£202,003

Premium Income.—The increase in premium income for the year, £10,353 (representing an increase of over 26 per cent.), constitutes a record in the history of the Accident Branch.

Claims.—The claim ratio over the whole of the business was slightly lower than for 1924, but the ratio in workers' compensation insurance followed the rising tendency of the last two years and was higher than in the previous year.

Motor-car Comprehensive and Plate-glass Insurance.—During the year the Department accepted for the first time motor-car comprehensive and plate-glass insurance. Only a small amount of business was written by the end of the year, but it is anticipated that the addition of these classes of insurance will materially assist the Office and be appreciated by policyholders who wish to have the whole of their insurances with the State Department.

J. H. JERRAM, General Manager.
