NOTE.—Butterfat receipts for Part I State schemes denote only that proportion of cream cheques which are assigned to the Department in repayment of advances and interest due thereon. On settled schemes the policy is to accept an assignment of a percentage of the farmers' monthly milk cheque, leaving the balance for maintenance and living expenses. On those dairying schemes which have not yet been individualized, the full amount received for butterfat is retained, the workers being paid wages, but in the majority of cases a proportion only of the cream returns is actually paid to the Department. Similarly, the wool proceeds shown above do not represent quite the full amount realized at the wool-sales.
