

NAVAL SERVICE—*continued.*

REMARKS.

- (a) Final year's programme.
- (b) Final year's programme for reconstruction of dockyard.
- (c) Includes part cost of oil-fuel tank at Wellington.
- (d) It is intended to build a naval instructional and mechanical training establishment and reconstruct H.M.S. "Philomel" to provide adequate accommodation for increased numbers.
- (e) Expenditure now included under heading "Pay and Allowances."
- (f) Increase due to the necessity for transport of greater quantities of stores from England and Australia.
- (g) It is proposed to build three training-vessels for employment with the instructional and mechanical training establishment.
- (h) It is proposed to commence stiffening certain selected merchant vessels to enable guns to be mounted in war.
- (i) It is proposed to enter six junior officers this year as part of the policy of manning the New Zealand Naval Forces by New-Zealanders.
