*This magnificent limited  
edition screenprint of  
Karikari Beach by leading  
New Zealand artist Don Binney  
is being reissued by the  
Environmental Defence Society.*

*Funds from the sale of the  
print will be used in the campaign  
to save the Peninsula. EDS is  
fighting a developer who plans to  
establish a huge resort complex  
of hotels, motels and cabins  
which will destroy the pristine  
qualities of the environment. EDS  
argues that there are better  
locations available and that virgin  
coastline should be protected.*

*For a copy of this superb  
screen print, send the coupon or  
a letter today to:*
