

The Concise NATURAL HISTORY of NEW ZEALAND

Harriet Fleet

- an encyclopaedia in one volume
- Concise and comprehensible
- indispensable home reference
- \$27.95

This book should be in every New Zealand home. It is a handy reference written in language that we can all understand. The well organised text contains everything that anybody needs to know about our natural habitat, starting in the high mountains and progressing steadily to the sea and offshore islands.

'It usefully and economically summarises the present extent of our information covering all species and their ecology. It is an encyclopaedia in one volume, and indispensable for reference both at home and in teaching institutions'
