## EAGLE'S TREES AND SHRUBS OF NEW ZEALAND

This authoritative, award-winning New Zealand set is now fully revised and updated and is presented in a handsome slipcase. Audrey Eagle has prepared two new plates for this edition and revised the text to include results of the most recent research.

All of New Zealand's native trees and shrubs are beautifully illustrated in paintings done from live specimens. These two volumes have been widely acclaimed, both for the beauty of the paintings and for the excellence of the information.

**Order this work of unique quality and superb value direct from Collins Publishers and we will pay the GST. Postage and packing free in New Zealand.**

**SPECIAL OFFER**  
Normally \$108.90 —
