

THE SOUTH-WEST NEW ZEALAND WORLD HERITAGE BOOK

Special
Pre-publication
Offer

As part of our campaign to secure World Heritage status for the whole of the South-West of New Zealand, the Society is to publish the *South-West New Zealand World Heritage* book. Taking in the area from Okarito in the north to Waitutu in the south, the book will be produced to the same exacting standards of our much-acclaimed South-West World Heritage Calendar. Features of the book include:

- ★ Informative, exciting text written by well known conservation essayists — Craig Potton, Les Molloy, Kevin Smith, Gerry McSweeney, Colin O'Donnell, Guy Salmon, as well as famous writer Keri Hulme of Okarito.
- ★ Scenic and wildlife photos by NZ's foremost natural history photographers.
- ★ Explanatory maps and diagrams
- ★ Soft cover, A4 full colour throughout

This book will not date. As a celebration of the most pristine area of New Zealand, it will touch on a number of themes — geology, vegetation, wildlife, Maori settlement, European discovery, recreation — that have never been brought together in one publication before.
