

Discover the rooftops of the world, surprising holiday destinations and cultures forgotten to the West.

New Zealand's leading tour operator of interesting holidays offers a unique travel information service for just \$10.00 annual subscription.

IF YOU want more from your travel than the normal tourist beats, then the Venturetreks quarterly travel news service is for you.

For the small annual subscription of \$10.00 (incl. GST) we'll tell you about the really interesting places of the world that simply do not see many tourists. Exotic place names you might see mentioned just once or twice in a lifetime are so often real and fascinating.

We've been exploring these places and arranging marvellous holidays for interested travellers for the last fifteen years. Now you can take advantage of our knowledge and experience for yourself.

The extraordinary holidays available are specially tailored to your special needs and interests. We know that some people want comfort and a leisurely pace, while others want extreme action and high adventure.

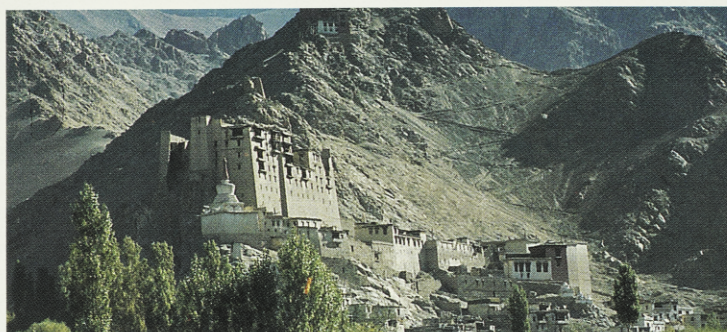

Every year we send people trekking in the Himalayas, cycling in China, or hot air ballooning over the vineyards of Australia as well as to many other exciting and remote destinations. We even have people interested in the first ever public space flights to orbit the world in 1992.

The range of very special tours and holidays is endless. We specialise in the special, the interesting and the exotic. So whether you're interested in the wildlife of the Patagonian Desert and Antarctica, the art treasures of Turkey or climbing the rooftops of the world, we'll have just the holiday you want.

We have a very special personal filing system here which allows us to send you special interest information on the kinds of holidays which suit you rather than someone else.

We'd like you to try us out and clip the coupon now. We guarantee you some wonderful information delivered in a very personal way. And we're so confident that you'll be delighted with the information you receive that we'll refund your \$10.00 annual fee any time you feel that it's not great value. Nothing could be fairer than that.

- Hundreds of special holidays rarely heard of in New Zealand
- Specially tailored information packages for individuals with special interests
- A personal travel service from experienced directors with over 50 years combined experience

How Venturetreks tailormade information puts you in touch with your interesting holidays.

To do this we ask you to complete a detailed questionnaire about what you like and don't like, where you think you want to go and where you know you don't. We ask about your interests and the things that matter to you when you travel.

All this is neatly filed by us so that several times a year we'll let you know about travel options which really suit you and which you are most unlikely to hear about from anyone else.

We make sure that we don't bombard you with information about rafting in Outer Mongolia when you would rather be quietly discovering the art treasures of the Loire Valley.

It is a very helpful service which all the existing Venturetreks people take full advantage of.

As you'll see we charge \$10.00 for this which we think is very good value. In fact at any time you think that you'd

rather have your money back, we'll be happy to refund it. That's our guarantee.

Sir Edmund Hillary speaks out on Venturetreks

"I've known Walter Romanes and his Venturetreks operation for many years. And no matter where in the world you travel, I know you'll find utter reliability and sensible organisation."

"Whether you're interested in just visiting places that most people dream about or engaging in more strenuous adventuring, I have the greatest pleasure in recommending Walter Romanes and Venturetreks Limited."

China Bicycle Tour

1986 Favourite, our hot pick for 1987

This is a leisurely 20 day trip which slowly wends its way through the villages of the Guangdong Province. Cycling on modern 10 speed cycles, accompanied by a mini bus to carry all the luggage, you get to browse in villages amongst fascinated locals.

On this trip you leave the ordinary tourists behind and visit areas few tourists see. This is a rare opportunity you shouldn't miss. A highlight for many are the Zonghua Hot Springs and Seven Star Crag, "a place that fell from heaven" they say. Here gigantic limestone crags rear out of lakes dotted with ancient pagodas.

The China cycle trip allows you to visit schools, factories, communes, ancient temples and bazaars. All travellers stay in very comfortable local hotels and feast on excellent Chinese meals.

The trip ends with a journey to China's capital, Beijing, where you'll see the Great Wall, Ming Tombs, Forbidden City and Summer Palace.
