Subantarctic Voyages 1990-91

"The Southern Ocean is so vast, and the breeding places for birds and animals so few; that the concentrations of wildlife are both enormous and astounding." Conon Fraser.

We are the Subantarctic specialists, and the "Tradewind" was specifically chosen for this unique area. She is a magnificent Topsail schooner, launched in Europe in 1911, and now totally New Zealand owned and operated. Join the crew of the first Square-rigger for almost a century to voyage to the islands of Macquarie, Campbell, the Auckland Group, and Stewart. The emphasis is placed on maximum shore-time, and we spend not hours, but days at each major island. For further details, contact:
