Chatham Islands

To: Mr, Mrs, Ms _____

New Zealand's Subantarctic Islands Antarctica • South Georgia

"The Southern Ocean is so vast, and the breeding places for birds and animals so few, that the concentrations of wildlife are both enormous and astounding." Canon Fraser *Beyond the Roaring 40s*

Exclusive small party ship-borne expeditions offering an unparalleled opportunity for superior coverage of the superb wildlife and scenery available in these remote regions. We operate over the summer season, January to March, with both sailing ship and motor vessels. Voyages are from 11 to 28 days, starting at \$1595 USD.

For free colour brochures and further details from the Southern Ocean specialists:
