

The complete picture on recycled paper from BJBall Papers

Recycled fibre has been used for many years in newsprint and packaging paper manufacture. Recently, technology

and consumer demand have made it possible to produce high quality printing and writing papers from this same fibre source.

Companies are now starting to demand recycled paper because of its benefits to the environment, and its distinctive qualities.

Specifying RECITAL recycled paper for both internal use and for

corporate literature is a good way of showing that an environmental policy is being implemented.

Available in letterhead quality wove and laid, bond, copier, graphic boards and kraft. Suitable for letterheads or labels, posters or point of sale. Specify RECITAL recycled paper and boards from BJBall Papers.
