Nikon

Nikon Binoculars and Fieldscope

World leaders for design and superior optical performance giving you unparalleled viewing excellence.

Nikon Compact Binoculars. For that performance edge over other more powerful optics. The perfect companion for watching birds and wildlife.

7 x 20 LF III/9 x 25 III. The latest in the famous Nikon stable of compact binoculars for elegant design, superb handling, large eyepieces for eyeglass wearers and multilayer coated lenses, makes these Nikons the lightest and most compact binoculars available. 7 x 20 CF III price \$179 9 x 25 CF III price \$199

8 x 23 CF II/10 x 25 CF II. Compact model with a superb optical design. Multilayer coating assures bright viewfield and that crisp image even in dim light. Smooth mechanical design with easy centre focus. Chic leatherette finish adds the right touch. 8 x 23 CF II price \$189 10 x 25 CF II price \$249

Power When You Need It Most

Nikon Spotting Scope (Rubber Armoured) with 15 x - 45 x Zoom Eyepiece/price \$719.00

Nikon's exclusive zoom eyepiece with 3 x zoom ratio, plus rubber armoured for superior shock resistance and Nikon's multilayer coating lens for clear crisp images in low light conditions makes this scope an ideal tool for bird watchers and other outdoor enthusiasts.

Other model Nikon binoculars and scopes are available, please write for brochure to Forest and Bird, P.O. Box 631, Wellington.
