## Raymond Ching's Bird Drawings

**Raymond Ching**  
considers these drawings  
to be amongst his finest works.

The reproduction of these five drawings of some of our rarest birds, in a **limited edition of only 200 signed and numbered prints** of each bird, is clearly a triumphant achievement by master printers. They must rank amongst the finest reproductions of works of art produced. They are printed on handmade flax paper, long considered by lithographers to be superior for the exact rendition of the finest pencil lines.

Each image measures approximately 550mm x 380mm, set on a paper size of 640mm x 450mm.

**Charlotte H. Gallery**, in association with the **Royal Forest and Bird Protection Society**, are pleased to make these unique and beautiful prints available to you at less than half of the published price!

For each print you order, a donation of \$35.00 will be forwarded to the **Royal Forest and Bird Protection Society's** fund for the protection of these threatened birds.

This is a **once-only** offer, we urge you to send your order now. Stocks are limited.
