

JOIN FOREST AND BIRD

We need your support and the support of your friends to fight for New Zealand's natural heritage.

Being a member of the society means being a part of New Zealand's most effective conservation lobby.

You can be active in conservation campaigns ... join others in national or local trips and walks ... or simply take pleasure in knowing you are playing an important role in helping to preserve our priceless natural heritage.

And of course, you receive 4 copies a year of *Forest & Bird*, the Society's superb natural history magazine.

JOIN A FRIEND

We need your friends and relatives to join Forest & Bird. Show them through *Forest & Bird* magazine the wonder of our natural heritage and why it should be protected.

Our key campaigns for the future are:

- Private forest clearance
- A network of marine reserves
- High country tussocklands
- South Pacific rainforests
- Ozone layer
- Antarctica
- Climate change
- Fisheries
- Pollution

the friendly places to stay

The YHA provides a unique way to explore New Zealand by using a network of hostels, each with its own character, yet maintaining the consistently high standard of YHA.

You will find our hostels in over 50 prime locations throughout New Zealand - many of them boasting "million dollar" views.

So you're not a youth - doesn't matter. If you are young at heart, travelling on your own, with your family or as a group, out to see the world or your own country, YHA HOSTELS provide you with a friendly, relaxed atmosphere where you can meet like-minded people from all over the world.
