## Macpac and Wilderness Lifetime Warranty

At Macpac and Wilderness we make outdoor equipment for people who take their outdoor fun seriously.

We are dedicated to giving you the highest standards of design and attention to detail.

We want you to have the best available equipment for your chosen activities.

We believe that you will find your Macpac and Wilderness gear to be more comfortable, easier to use and more durable than any similar item.

### No Small Print

All Macpac and Wilderness gear is fully warranted to the original owner.

If something goes wrong because there is a fault in the materials or in the construction, we will fix it. If we can't fix it, we'll replace it. Obviously, everything wears out eventually but our promise means full backup for the life of the product, with no small print.

If your Macpac or Wilderness gear fails because of an accident or poor care, we can fix it (if it's fixable) for a reasonable cost.

Macpac and Wilderness equipment is inspired, designed and made only in New Zealand at:

**Macpac Wilderness Equipment Limited**
