

Share your car!

- Cars account for a third of all oil use, and oil is not renewable.
- Cars emit carbon dioxide, a greenhouse gas which warms our atmosphere.
- Car can emit polluting nitrogen oxides and smelly hydrocarbons.
- Making cars uses energy and huge amounts of steel and rubber, and creates pollution.

The tuatara has been around for 200 million years.
Why don't you use solar power to warm
your home and heat your water?

Forest and Bird Members — Save Dollars for Conservation

DIRECT **DEBIT** YOUR
MEMBERSHIP FEE AND
HELP **SAVE** THE SOCIETY
THOUSANDS OF **DOLLARS**
FOR **CONSERVATION** WORK

Help us save time, money and paper by arranging a Direct Debit for your Membership and Donations to *Forest and Bird*. That way we'll save much of the costs of processing some 25,000 subscriptions annually — and so have more money to spend on conservation.

Direct Debit is a very simple, cheap and safe method of payment, and one that's becoming increasingly popular for all household bills.

How to set up a direct debit for *Forest and Bird*

All you need do is phone us on 0800 800 064 or Wellington (04) 385-7374 and we'll send you a copy of *Forest and Bird's* Direct Debit brochure. This outlines the Direct Debit process and includes an Authorisation Form which you can fill in: send it back and we'll do the rest.

PHONE FOREST AND BIRD DIRECT DEBITS ON 0800 800 064 AND WE'LL DO THE REST.

Remember, Direct Debits save dollars for conservation not paperwork.

ACT NOW — Sign up to pay your membership by DIRECT DEBIT before September 30, 2000 and your name goes into a draw to win a year's FREE membership.
