

NEW ZEALAND MAPPED

New Zealand Mapped is the entire LINZ collection of 1:50,000 scale maps on CD-ROM and DVD-ROM for Windows.

Now with comprehensive GPS support you can record and manage points of interest, routes and areas and print any part of these detailed maps at superior quality.

Easily record and edit points of interest, routes and areas from your GPS unit or mouse. Use a variety of icons, colours and patterns to identify your locations

Current position, altitude, ground speed and heading are all detailed onscreen

GPS unit not included
