Mrs. Barton-Walker
THE MODEL HOUSE
Strand Arcade, Auckland

Another cosy walking-coat, but this one is made in the new check velour. A delightful and distinctive coat, cut on the lines of simplicity and grace. And the finishing touch—just buttons.

From Rendells Ltd.

Smart walking-coat, carried out in the supplest velour, and typical of the present style by reason of its comfortable looseness. Snuggle your chin in the cosy, big collar, and winter winds may blow their hardest. And then the shoes—could anything be smarter than these Selby shoes, with their twin buckle straps and suede toe and heel?

Fuschia panne velvet makes this new version of the evening wrap. Rich panne velvet, draped with a length of beautiful silk fringe which threatens to trail on the floor. Gold tissue petals are effectively introduced in the self collar.

In this chic little frock of grey striped gabardine, with the new frilled skirt and short sleeves (also frilled), we see style and dignity gracefully combined. Dainty grey suede shoes and silk stockings are, of course, necessary to complete the charming effect.
