The All-round Girl.

The name LEVER on
Soap is a Guarantee of
Purity and Excellence.

SHE is the embodiment of Health. She can dance, swim, play tennis, knit a jumper, or cook a meal. Her cheeks have a natural bloom, due to a healthy life and to the use of Lifebuoy Soap for the toilet and bath.

She uses **LIFEBUOY SOAP** because its antiseptic properties keep her skin clear and healthy. With so much dust whirling about in these days of quick transport, the pores of the skin need the antiseptic protection which Lifebuoy gives. There is no better soap for bath or shampoo.
