HUDSON'S CONCRETE COMPANY LTD.

It was extremely gratifying to the Management of the old Company to find the general public of Auckland Province so keenly interested in the floation of the new Company, as is shown by the whole issue having been taken up in less than one week.

This is a striking tribute to the quality of our products, and proves that, after being on the market for twelve years, the public still has every confidence in "HUDSON'S."

We take this opportunity of thanking you for past favours, and soliciting a continuation of your esteemed business.

Yours faithfully,
