HERMO-PACK

They Cannot Lose a Fraction of Their Freshness!

HOWEVER DAMP
the weather, Hudsons Hermo-Packed Biscuits keep crisp.

HOWEVER LONG
they are stocked, Hudsons Hermo-Packed Biscuits keep open-fresh.

Protected by the exclusive *Herma-Pack* process, Hudsons Biscuits bring to your table the full crispness, freshness and flavour of biscuits straight from the oven!

They *cannot* become soft or insipid, because, within five minutes of being baked, they are *Herma-Packed* — hermetically sealed from air or dampness in a double wrapping of special waxed paper.

From the moment they leave the oven to the moment you open the packet in your own home, Hudsons *Herma-Packed Biscuits* must retain their crunchiness and deliciousness.

Give your child a **VIROL** Constitution

Have you ever wondered why some children seem to enjoy so much more vitality and freedom from infections than others? The reason is because they are constitutionally stronger. But this extra strength does not come from ordinary foods. Only Virol can provide all the different elements that children need to replace spent energy and maintain healthy growth.

Why not put your child on to a course of Virol?— you will soon be able to rest assured that your kiddie has a sound constitution, and is building firm flesh and muscle, sound bone and teeth. Thousands of kiddies now rely on Virol to protect them against illnesses. Give your children a Virol constitution. Remember, Virol builds FOR LIFE.

If Virol is unobtainable from your chemist or storekeeper, write to the New Zealand Distributors—
