

CAREERS WITHOUT END

Look past their temporary bullet-spitting. Focus your eyes on what they mean... a world of wings; of peaceful air armadas; of flyers, and mechanics, and radio men; of careers and opportunities... as unlimited and boundary-less as the air itself. It's a new world that belongs to youth. Let your boy get in on it... let him get trained for it. Encourage him to join the A.T.C., the greatest training opportunity ambitious youth ever had. Open to young men from 16 years upwards, it gives instruction in all phases of air work... Instruction backed by the knowledge and experience of the Royal New Zealand Air Force.

LET YOUR BOY JOIN THE

AIR TRAINING CORPS

Call at your nearest A.T.C. office or write to the Commandant,
A.T.C. Headquarters, Box 3009, Wellington.
