

LEARN DRESSMAKING and PATTERN CUTTING the simple, practical DRULEIGH way

In easy stages personally at the College or through the mail, you learn to cut patterns for any type of frock, coat or costume, to individual measurements. Anyone may learn, it is so easy.

DAY AND EVENING TUITION is provided at Auckland, Hamilton, Te Awamutu, Palmerston North and Wellington. Specially written correspondence tuition is arranged. Each student is treated individually. Within a few months you are making the smartest of clothes, apart from being absolutely independent of bought patterns.

MOTHERS, arrange for day lessons and make all your own and the children's clothes smarter than you can buy them in the shops.

BUSINESS WOMEN, apply now for free particulars of our special evening and Saturday morning classes and have more and smarter clothes for less money.

COUNTRY STUDENTS, you will be surprised at how easy you will follow the lessons. Last year students made wedding outfits, coats and costumes, before they had finished the course.

A course of Druleigh training in Dressmaking and Pattern Cutting is one of the best investments any girl or woman can make.

It is so interesting, too!

SPECIAL TEXT BOOK FOR BEGINNERS!

Druleigh has just published a new edition of a special text book "MODERN FROCK DESIGNING." This is based on Druleigh's so successful correspondence course. It teaches you to make a foundation pattern to any measurements and make simple patterns, child's as well as adults. It gives you numerous hints about fitting and finishing. It is a course of training in itself. All purchasers are provided with a foundation pattern cut to their own measurements. This is particularly useful in designing your own patterns.

"MODERN FROCK DESIGNING"
