YOUR BEST FRIENDS WON'T TELL YOU!

Halitosis (bad breath) is an offence unforgivable. Since you, yourself, can offend without realising it, and since your best friends won't tell you, you should take the easy, delightful precaution that so many really nice people insist on. Simply gargle with Listerine Antiseptic night and morning, and between times before social or business engagements. This wonderful antiseptic and deodorant immediately makes your breath sweeter, purer, less likely to offend. Then to make and keep your teeth bright and sparkling, use the New Listerine Tooth Paste . . . charged with "Luster-Foam."

★ "Double O"—Offensive Breath—Offensive looking teeth—you CAN avoid both.
