

...AND PLEASE GOD, BRING MY DADDY BACK

Who dares say "Cheap sentiment"?

It's happening tonight...

every night...

In New Zealand homes...

children praying.

And every day till Victory, out there
men will die.

That's reality...

That's War.

That's why this Victory Loan is so real
so important, so urgent to you.

It's your way to help get it over
and ended.

Get into it with all you have.

Save your cheers and your tears, but lend
your money.

Your stake in this is

PEACE.

What's it worth to you?

Take another look at that little girl
and then

lend to your limit.
