

LEARN TO MAKE YOUR OWN FROCKS

Glimpse of section of the Druleigh dressmaking students receiving personal tuition at Auckland. Each student is given a table and, with three or four teachers in a room at a time, absolute individual tuition is assured.

No other school is as well equipped as Druleigh for practical tuition.

DRULEIGH TEACHING STAFF

The Druleigh teaching staff is selected with the greatest care, and only put in charge of students after a rigid course of training following practical experience in all branches. Out of the hundreds of applications for teaching positions with Druleigh, only a very small percentage survive the final tests.

Students receive individual attention, and progress according to the amount of time and effort they put into their work

PATTERNS CUT FROM ANY PICTURE OR DESIGN

The Druleigh system trains you to design a perfectly fitting pattern for any figure from any fashion plate or picture. You never need to buy standard patterns again. It is so simple, too; you don't need complicated charts or rulers. You just work from a few simple figure measurements with an ordinary foot ruler.

PROFESSIONAL CUTTERS AND DESIGNERS

Although the Druleigh course is a very simple one, it is particularly thorough and practical. Many of the leading cutters and designers of the Dominion were trained at Druleigh.

Special Course of Instruction may be arranged for Factory Managers and Cutters who want to brush up their knowledge of special branches of designing for special types of clothing.

DAY AND EVENING INSTRUCTION AT ALL BRANCHES

Special correspondence tuition available for country students and others not able to attend classes. Moderate fees. Satisfaction guaranteed. Many of New Zealand's best-dressed women have been trained either personally or by correspondence by Druleigh.
