IF YOU CAN'T BAKE A CAKE  
LIKE THIS—WRITE TO US . . .

Today, New Zealand Baking Powders are prepared with Albright & Wilson's Food Phosphate, which means that they are better than they have ever been before. For A & W Food Phosphate supersedes all other rising agents. It ensures better aeration, better keeping quality, better texture, plus the extra nutritional value of that precious and scarce health element . . . Phosphate.

So if you have an occasional baking failure . . . and, with gas and electricity shortages, and with rationing of ingredients such as eggs, sugar and butter . . . occasional disappointments can be expected . . . don't blame the Baking Powder. These new Baking Powders have been so exhaustively tested, so thoroughly proved, that we place our reputation behind the statement that they are outstandingly better than any Baking Powders ever produced in New Zealand previously.

A & W PURE FOOD **Phosphate** IS USED  
IN ALL LEADING **Baking Powders**

Albright & Wilson's Food Phosphates are distributed in New Zealand by Imperial Chemical Industries (N.Z.) Ltd., 16 The Terrace, Wellington, and Maritime Buildings, Quay Street, Auckland.

BETTER BAKING BUREAU

To assist New Zealand housewives to overcome wartime baking problems, we have set up a Better Baking Bureau under one of New Zealand's foremost chefs. If you have a baking failure write to the Better Baking Bureau; give details of the recipe method of mixing and the fault. Advice will be given absolutely free.

Address your enquiries to:

"Better Baking Bureau,"

c/o Imperial Chemical Industries (N.Z.) Ltd.,

16 The Terrace, Wellington.
