The safe soap for tender skins..

**WRIGHT'S COAL TAR SOAP**

S.E. Agents: S. A. SMITH & CO. LTD., Auckland.

## In Seven Days Fiery, Itching Skin Gets Sure Relief

Here is an effective prescription now dispensed by chemists at small cost, that will do more toward helping you get rid of unsightly spots from skin diseases than anything you've ever used.

Not only is this great oil antiseptic, but it promotes healthy healing in eczema spots and sores. The itching of eczema is rapidly stopped; the eruptions dry up and scale off in a very few days. The same is true of barber's itch, salt rheum and other skin eruptions and inflammation.

You can obtain **Moone's Emerald Oil** in the original bottle at any chemist. It is safe to use, and failure in any of the ailments noted above is rare indeed.
