Breakfast thrill!

WEET-BIX AND FRUIT

Any fruit that's going . . . apricots, apples, prunes or peaches . . . serve them with WEET-BIX and you've got a real breakfast thriller and a meal that's as full of good, easily-digested nourishment as any diet-wise person could wish.

Weet-Bix is crisp, toasted, honey-gold whole-wheat and provides hot weather energy, plus minerals and body-building protein elements so necessary for active children and adults.

So put a new "zip" in summer breakfasts . . . serve Weet-Bix straight from the packet. It's quick and easy, it saves fuel bills, and crisp, toasty, nutty, Weet-Bix when served with stewed fruits makes a health breakfast that's all appetite appeal and cool deliciousness.
