What a friend!
If YOU have
INDIGESTION

When food lies like lead on your stomach and after-meal pains take all the pleasure out of eating, you need help. And what a friend in need is the sky-blue canister of De Witt's Antacid Powder. Immediate relief from pain... stomach soothed and settled... discomfort disappears... what a relief!

De Witt's Antacid Powder neutralises excess gastric acidity so quickly that even after one dose you may feel the pain dispersing and your sour, disturbed stomach beginning to settle down. Such speedy relief is a godsend, but De Witt's Antacid Powder does more than ease immediate distress. It soothes and protects the inflamed

stomach lining, so that your next meal will not further irritate an upset digestive system. For that reason the prompt help of De Witt's Antacid Powder often prevents simple digestive upsets from developing into chronic dyspepsia.

So, if indigestion is making you turn from the very sight of food... if you are always wondering **dare I risk it?** before eating the things you like... surely it's time you turned to De Witt's Antacid Powder for the help you so obviously need? Get the sky-blue tin from your chemist.

DeWitt's
