

DO YOU KNOW?

In the Philippines—the natives stain their teeth black and bleach their hair for beauty! But we admire that sparkling Kolynos Smile! Kolynos is made from the formula of world-famous dental surgeon, Dr. N. S. Jenkins. That's why Kolynos takes such extra good care of your teeth.

Mayan Beauties of South America led the fashion to have teeth inlaid with precious stones. The dentists of those days were oral jewellers of great artistry and skill. You can help to keep your teeth shining brightly by twice daily brushing with Kolynos Dental Cream. Kolynos polishes your teeth enamel to its natural whiteness.

Wood Struck by lightning was a favourite ancient Greek charm against toothache. Kolynos swirls right through crevices where your tooth-brush can't reach and floats away dangerous food particles.

Hindus clean their teeth with a fresh twig every day, except on certain religious days when they must not brush the teeth on pain of hell. Kolynos has been awarded the Gold Seal of the London Institute of Hygiene for constant purity and quality.

If you're interested in trying new ideas, try Kolynos in powder form. All of the special properties of Kolynos that give your teeth that famous Kolynos polish and sparkle are contained in Kolynos Tooth Powder.

In England, 1800, a wise woman in Lambeth sold for a penny a charm of Saint Apollonia which was supposed to prevent toothache for the life of the wearer! Toothache is caused by dental decay—that's why you should keep your teeth antiseptically clean by brushing them with Kolynos after every meal.
