

No! Acid . . . you can't eat into B & B tubs. Get out! Out! Oh! B & B are artists at ousting Acid and Caustic and Friction. A glass-smooth surface glances them off without a mark . . . hard* to their attack, but so soft with fabric. For you B & B concrete tubs are gentle. See their smart green! See their rounded corners! See their hard-metal edge! Feel their smoothness! Yes, artists in concrete make B & B tubs. They're yours . . . easily, cheaply! Why not ring or write B & B for details NOW?

The B & B concrete boiler is a green-enamelled beauty. It's steel-clad for life—it's guaranteed. And oh! the quickness of it!—boils in 12 to 15 minutes on newspaper. You'll love it.

★ A special B & B vibrating process compacts the concrete 30% harder.

FALSE SECURITY

MANY people think that their breath is beyond reproach, when as a matter of fact it is far from it. Remember—"Your Best Friend Won't Tell You."

When you want to be sure that your breath is sweet and agreeable to others, use Listerine and Listerine only. It has a fifty-year record of successful, certain results.

Repeated tests show that Listerine instantly conquers mouth odours that ordinary mouth-washes cannot hide in 12 hours. Listerine's superiority as a mouth deodorant is based on its ability to instantly halt the fermentation of tiny bits of food in the mouth or on teeth surfaces—the cause of 90 per cent. of odours. Having

thus struck at the source of odours, Listerine gets rid of the odours themselves. As you see, it possesses double action that is swift and certain.

Moreover, that action is pleasant. When you use Listerine there is a clean, agreeable taste in your mouth—no harsh, lingering after-taste that so often follows the use of crude antiseptics.

Keep Listerine handy at home and office. Carry it when you travel. Use it every morning and every night, and between times before meeting others. By so doing you will know that your breath cannot offend. Lambert Pharmacal Co. (N.Z.) Ltd., 64 Ghuznee Street, Wellington.
