Here are the Reasons why there is a shortage of...

EDMONDS CUSTARD POWDER

and

EDMONDS JELLY CRYSTALS

To clear up any misunderstanding on the part of the public, T. J. Edmonds Ltd. emphasise that a world-shortage of raw materials, plus shipping difficulties, make it impossible to manufacture sufficient Edmonds Custard Powder to meet the demand. As you know, Edmonds will not use inferior substitutes.

As far as Edmonds Jelly Crystals are concerned, the manufacturers share with everybody else the limitations imposed by sugar rationing. Until rationing is eased, Edmonds popular Jelly Crystals will be in short supply.

Nevertheless, Edmonds are doing their best to see that supplies are distributed as fairly as possible. They regret inconvenience to customers and trust that the position will improve before long.
