DRIVE IN and replace that worn silencer with an **ACE ...**

When your muffler is rusty and leaky, you lose vital protection from poison exhaust gases. When they escape, these gases, bearing deadly Carbon Monoxide, seep up into the car where you breathe them, and cause accidents—even death. Old clogged-up silencers restrict the flow of exhaust gases, and you lose precious miles from every gallon. If your car needs a new silencer—ask your garage to fit an "Ace"—the correctly designed silencer, with welded seams.
