CUSTARD...
all the year round!

Make it this way—delicious **HOT or COLD**

From a pint of milk take sufficient to mix one heaped dessertspoon of **Edmonds Custard Powder** to a thin, smooth cream. Add a dessertspoon of sugar to remainder of milk, bring to the boil, and pour the mixed custard slowly into it, stirring all the time. Bring to boil again and simmer for a few moments; then pour immediately into jug. Serve hot or cold with stewed fruit, puddings, etc. The addition of the beaten whites of 1 or 2 eggs whisked into the custard when cool makes a rich custard sauce.
