

Where there's a fire there's a challenge to all-comers. People just can't help noticing your grate. It's easy to keep iron-work glossy black with Zebbo Liquid Stove Polish.

Apply Zebbo to the grate and fireback with a cloth or brush—polish briskly for a few seconds and the work is done. Quick—clean—easy. A tin of Zebbo lasts a long time. It doesn't dry up in the tin.
