SILENCERS**
are Dangerous!

When a silencer is rusted through, and full of holes, a deadly CO gas leaks out and seeps into the car body, causing headaches, dizziness, car sickness, and sometimes even death. If your Silencer is in this condition, drive to your garage and have it replaced with a brand new Ace silencer, specially designed for your particular make and model of car. It will give you maximum safety, more mileage, and better engine performance. A paying proposition, whichever way you look at it.
